Art Unit: 1712

1. The following is an examiner's statement of reasons for allowance: Upon reconsideration and in view of applicants' amendments, the instant claims are neither taught nor suggested by the prior art. That is, as claimed, the treating step in the 4th stage must occur prior to the step of removing precipitated salt. Also, the treating stage can only occur after completion of the neutralization step in the 3rd stage. Such a process is neither taught nor suggested by Weidner et al, as argued by applicants in their response, or by Kaeppler et al., which was cited as being of general interest in the previous office action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Margaret G. Moore whose telephone number is 571-272-1090. The examiner can normally be reached on Monday to Wednesday and Friday, 10am to 4pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Randy Gulakowski can be reached on (571) 272-1302. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system.
